Dear FBLA Advisers

As I was creating resources to share with you regarding competitive events, I came across something very new on the National FBLA Online Competitive Events Reference Guide. I found a detailed set of "Performance Indicators" for many of the competitive events. I would encourage you to review these lists carefully because it provides much more detail on what may be on a particular test.

The complete list of information is at this address. I would recommend that you investigate this area in greater detail.

Here are the specific tasks that students should be able to do or know on the test:
