Things to Remember About Online Registration:

1. The spelling of names is the same as when the adviser entered those in the online membership registration system. Check the spelling of names and notify the Executive Director's office of any corrections that need to be made.
2. Always register a student for his/her competitive event first rather than one of the secondary items. For example, if a student qualifies to attend the SLC as an Accounting I competitor and as a state officer candidate, the student's should be registered as an Accounting I competitor.
3. Please make sure a student is eligible to attend the SLC before registering the student. There will be a separate list of eligibility guidelines that will be mailed to advisers.
4. You may alter and update your registration as many times as you need until registration closes on January 13, 2016.
 - a. Advisers have the ability to delete students from registration. To the left of the name at registration, click the "trash can."
 - b. Advisers have the ability to change a student's competitive event. Click the icon that looks like a sheet of paper to the left of the student's name.
5. Please make sure to choose two (2) voting delegates.
 - a. Your chapter's voting delegates must come from among your chapter's competitors. For example, if your chapter has 10 qualifying competitors, the two voting delegates must come from among those 10 competitors.
 - b. If your chapter does not have two competitors or from among other special areas who would serve as voting delegates, the chapter is entitled to bring two voting delegates.

- c. In no event may a chapter bring two additional students as voting delegates if the chapter has at least two students already qualifying to attend the State Leadership Conference.
- 6. Both incoming and outgoing **Region Presidents and Secretaries** automatically qualify to attend the State Leadership Conference. No other region officers qualify to attend.
