Where Business Finds Its Leaders

Join the Ranks of **FBLA**

Thousands of students across the nation are joining Future Business Leaders of America! FBLA is the premier organization for students preparing for careers in business. It is the largest student business organization in the world with a quarter of a million members. FBLA prepares students for "real-world" professional experiences. Members gain the competitive edge for college and career success. ANYONE who wants to be a success in the future, is in a business or business-related class, and is in grades 9–12 can join.

Get the Leading Edge

You will gain the experience and knowledge to build your business and leadership skills and gain confidence through working with local businesses, community leaders, and the public.

Competitive Events, Awards, and Scholarships

Imagine building a portfolio of documented accomplishments as a complement to your academic experience. When applying for scholarships, you can demonstrate how you served in a leadership position, received awards, or participated in projects for the largest business based student organization in the world through the Business Achievement Awards Program (BAA), a self-directed, results based business and leadership program designed to compliment academics while accelerating a student's leadership skills.

At the same time, you can choose from over 40 competitive and skills events from the areas of technology, public speaking, and marketing and management. You may finish as the very best in the nation, win recognition, and win cash from our sponsored events!

Network

It's not who you know, it's who knows you! By becoming an active member of Future Business Leaders of America, you will make connections to the business world and form networks that will last a lifetime! Darren Irby, the youngest vice president in the 120-year history of the Red Cross and FBLA alumnus said, "As an FBLA member, I learned early on about the importance of helping people". Irby says he still has strong bonds with his FBLA friends and that they keep in touch.

Technology

Today's competitive business and academic environments require not just keeping up, but staying ahead of the competition. One way that FBLA can ensure your success is through technical skill certification and academic credit.

Each year FBLA offers members certification tests from leading companies so that members can earn industry recognized certifications.

Members can also earn college credit for what they already know, advance to more challenging and interesting courses, and save money on tuition costs.

Be a Community Leader

FBLA is the world's largest youth volunteer force for the March Of Dimes. During our partnership, our chapters have raised more than \$13 million dollars for the March of Dimes. No other student organization has raised as much for the March of Dimes as we have. Many state chapters and local chapters also contribute funds and community service hours to many other regional, state, and national non-profit organizations. Come make a difference and gain valuable leadership skills by planning projects and service your school and community.

FBLA members are encouraged to take on leadership positions and run for local, state or national office. Lead hundreds or even thousands of FBLA members dedicated to success!
