
Word Processing I

Word processing skills are necessary in today's world. This event recognizes FBLA members who demonstrate that they have acquired entry level skills for word processing positions in business.

Competencies

Participants should be well prepared in the basic keyboard knowledge and in the production of letters, memorandums, reports, tables, resumes, and material from rough drafts and unarranged copy. Results will be based on mailable copy. The Format Guide must be used for formatting word processing documents.

In addition, participants will be tested on their understanding and mastery of document formatting rules and standards; grammar, punctuation, spelling, and proofreading; basic keyboarding terminology and concepts; printing, and related application knowledge.

This event consists of two (2) parts: an objective tests and a production test. Participants must complete both parts to be eligible for an award.

A one (1) hour objective test will be administered based on the objective test competencies. The score received on this portion of the event will constitute 15 percent of the final event score. Nongraphing calculators will be provided.

One (1) hour will be given for the production tests at a school site designated by the executive director. The score received on this portion of the event will constitute 85 percent of the final event score.
