2026-2027 Topic

Digital Resource Management Website

Organizations often need efficient ways to manage shared resources, information, requests, or services. Develop a fully functional website that addresses a real-world organizational need through thoughtful design, clear navigation, and effective use of technology.

Competitors should determine the purpose, audience, structure, and key features of the website based on the problem they choose to solve. Focus on clean design, functionality, accessibility, responsive layouts, user experience, and well-organized code. The website must be coded from scratch using programming languages and technologies of the competitor's choice.

Region

This is not a region event.

State

State Eligibility

Each chapter may enter two (2) teams of 1, 2, or 3 members of active local chapters in FBLA Connect, the FBLA membership system. An active chapter is defined as having members “pending or paid” at the time of the “state-only” registration published on the PA FBLA website.

In order to be registered for this event, student data is imported into Blue Panda, the event registration and competitive events management system, from FBLA Connect. Students are imported and able to be registered only if identified as having “pending or paid” membership. “Paid” membership is defined as a dues payment for the student received by National FBLA; “pending” membership is defined as membership for which payment is due to National FBLA 60 days from the date the student appears on the membership invoice.

Members may compete in an event more than once if they have not previously placed in the top ten of that event at NLC. If a member places in the top ten of an event at NLC, they are no longer eligible to compete in that event at RLC, SLC, or NLC.

It is the responsibility of the local chapter adviser

- to pay membership dues for all competitors by the published submission deadline for this event and to register students through Blue Panda by the published deadline.

Finalists for this event will be an equal number advancing from the State Qualifying Round to a maximum of 15. Finalists will be notified by the PA FBLA Executive Director/State Chairman by the date indicated on the FBLA website. Finalists will be required to give an oral presentation at the SLC.

State Procedure

State Qualifying Round

1. Competitors will be allowed to select a presentation time on the published date from a set timeframe once registration has closed. Once a presentation time has been selected, it cannot be changed. If a competitor does not select a time to present, one will be randomly assigned from the remaining time slots. At the selected presentation time, competitors will join a Zoom meeting. Competitors will then give their presentation to a panel of judges during the meeting.
2. Competitors may join Zoom individually from multiple computers or as a team from one computer.
3. Competitors may join Zoom from school, home, or other location.
4. Competitors may be seated or standing during the Zoom presentation.
5. **The participants must comply with the PA FBLA Dress Code which can be found at <https://www.pafbla.org/about-pafbla/dress-code/>. If the participants do not comply, points will be deducted UNLESS there is an egregious violation.**
6. Competitors will be allowed to share their screens during the presentation.
7. Competitors will not be allowed to use chat, whiteboard, or any other features in Zoom other than to share their screen.
8. Competitors should incorporate the following aspects in response to the topic
